

CHAPTER 10

BIGOTRY

“Until all Americans have a subsistence wage, we will never get over bigotry.” Richard Lyons Weil

END BIGOTRY:
WE ARE ALL CREATED EQUAL

Anyone who denies bigotry in America is not being honest with himself or herself. Bigotry runs deep. It is institutionalized and until we recognize and face this problem, it is impossible to move forward. Until we make sure that all citizens have a subsistence wage and an opportunity to advance, we will never get over bigotry.
